

What a busy autumn term! We have had great fun exploring our different fairy tales, we have looked at the three little pigs where we made their houses and then tried to blow them down like the big bad wolf. We then moved onto Goldilocks and the three bears and enjoyed making our own Porridge and then tasting it with different toppings. We have also looked at Cinderella and wrote a reply to the prince. Finally we have been looking at the story The Jolly Postman and The Jolly Christmas Postman, we had great fun making our own Santa's workshop and also writing our letters to Santa. Finally we have looked at the Nativity story and why we celebrate Christmas.

We have discussed why we have fireworks night and some of the children acted out the gunpowder plot. We were also fortunate where one of our children shared some pictures of his Diwali celebrations; we tried making our own Diya pots and Rangoli patterns.

Our visit from Solo was a great success and the children have been re-enacting the agility course with our hobby horse in our outdoor area.

Forest school is still as popular as ever, even in the pouring rain and cold! It has been lovely seeing the children exploring this outdoor area, and being creative in their play. The hot chocolate has gone down well to help us warm up!

What a great experience to have the snow on a school day, the children had fun playing in it and making snowballs. We also made use of the ice for the many days after and created some ice painting.

Tasting porridge

Exploring the mud during Forest school

Painting the ice.
