

## Microbes

We discussed and defined Bacteria, Virus,  
Vaccine and Fungi.

We created our own.

We used the microscopes to closely observe  
objects.

## Harmful Microbes

We carried out an **investigation** in how important it is to wash our hands properly.

We discussed our **method**.

We changed one **variable** each time.

We **observed** our **results** together.

We made a **conclusion** together.
