

## Kestrels Summer A

This half term we have been writing some exciting adventure stories, these ranged from going to Egypt to being inside a book. The children became super creative and had some exciting ideas.

In Maths, we have tried to cover a wide range of topics, from fractions, multiplying and dividing by 10 / 100 and Perimeter and Area (for some children).

Our Topic work has produced some fantastic art work, which we have been able to put on display.

During our RE we have been trying to understand humanism, and we even had a wedding ceremony at School.

Our Swimming sessions have been amazing, the children have gained in confidence and they are all developing skills nicely.

Below are some photos that have been taken this term, hopefully your child can explain them!

Wedding 13/5/21

I enjoy doing the boards. Applying art skills and thinking of the words of Lyndon B. Johnson

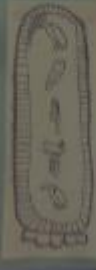

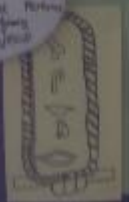

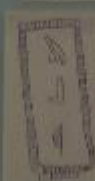

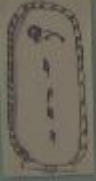

Let your imagination run free and let your art speak for itself

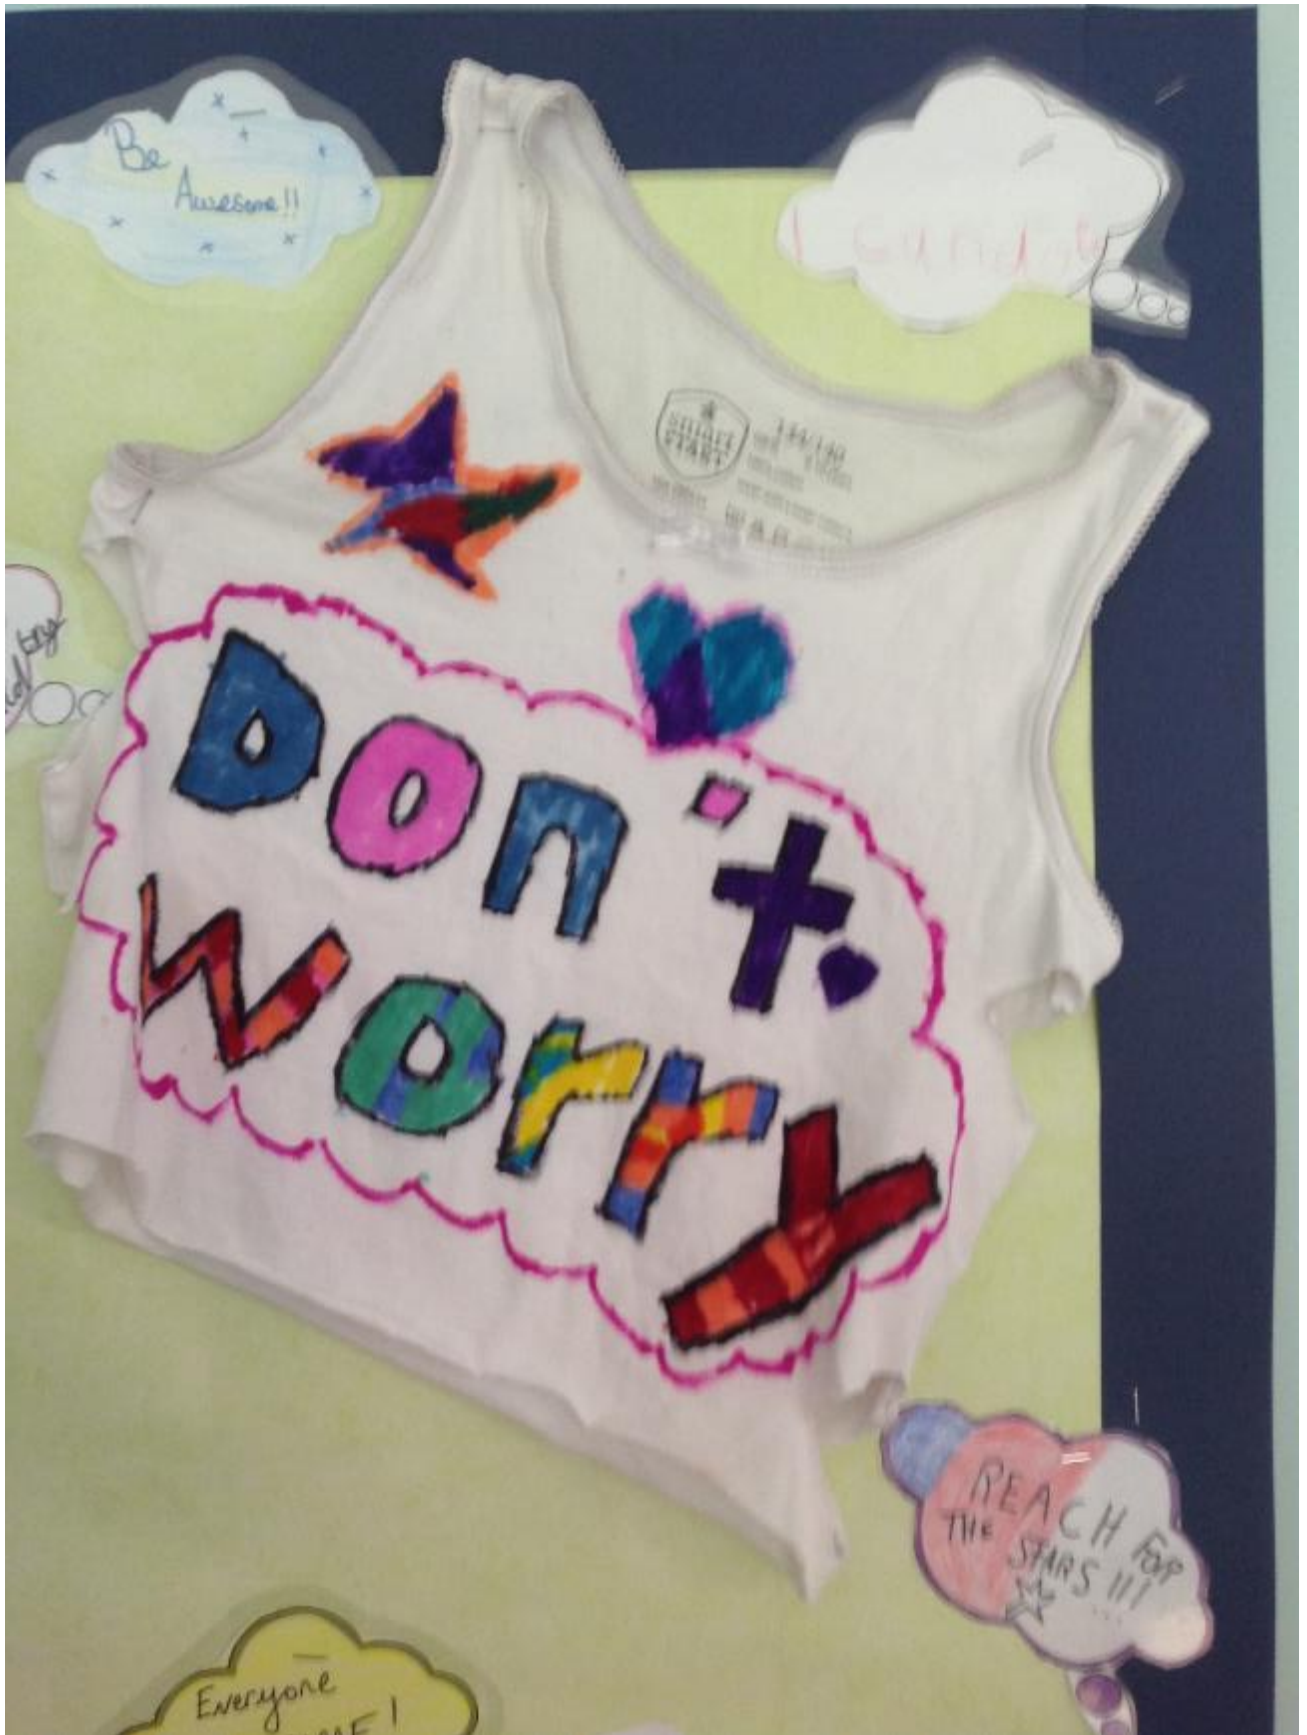

I enjoyed learning about the different types of art and how they are used in the world

I enjoyed learning about the different types of art and how they are used in the world

I used hatching to write my name. Can you find my paper? Leah

# Art

Be Awesome!!

I can do it

DON'T WORRY

REACH FOR THE STARS!!! ☆

Everyone
