

Kestrel

Sept 2021

Autumn term

Welcome back Kestrels.

We all hope you have had an exciting summer holidays.

Class teacher - Mr Carr

Teaching assistant: Miss Brothwell

Teaching assistant: Mrs Ping

In our English lessons, we will begin by writing a detailed recount of our own Summer holidays. We shall then move into linking our English work with our Stone Age topic, before moving onto Fantasy Stories. Information texts follow on from this before we end with Performance poetry.

This term is going to be an exciting one, we are beginning with our two week topic of 'Curious about Cambridge'. We will focus our writing around this.

In our topic work, we aim to use key terms and phrases i.e: century, decade, BC, AD, after, before, during.

We will then be looking at similarities and differences of aspects of their lives in comparisons to others.

Use a range of sources we hope to delve deeper into their ways of living, homes, clothing and beliefs.

We also hope to produce some amazing artwork using some Stone Age techniques.

Guided Reading will take place in the classroom daily, alongside this, we strongly recommend children read at home as much as possible, we thank you for your continued support.

Homework / Spellings will be set on a Friday.

PE days - Monday and Thursday.

MFL is now Spanish.

Within Science lessons, we will cover two main focus points - To begin we shall start with Biology: Animals including humans before moving onto Physics: Light.

Hopefully now we have settled back into routines and some sort of normality, we can look forward to some exciting events: Cross country, Hockey, Tennis and cycling proficiency are all hopefully to come.

Maths will be taught as an individual subject and will continue to adhere to the curriculum objectives. Throughout the term, lessons will cover many aspects, initially continuing with our work on place value, addition and subtraction and multiplication and division.

Every child should have their logins for TTRockstars, alongside a login for Purple Maths, please continue this building up coins and completing 2dos weekly.
